6-10-11 concealed weapons

MADISON, Wis. (AP) — The Legislature's budget committee has passed a bill that would allow Wisconsin residents to carry concealed weapons. The Republican-controlled committee amended the bill Thursday to require people obtain permits and provide proof of training. The panel approved those changes on a 15-1 vote with three of four Democrats joining with Republicans. They called the changes improvements. The panel then approved the bill itself on a 12-4 vote. This time all the Democrats sided against the bill, saying Republicans want to make Wisconsin into a vigilante state. Republicans countered the bill would allow state residents to protect themselves. The committee approval sets up a full vote in the Legislature.

6-10-11 wisconsin teachers don't plan protests over budget...yet

MADISON, Wis. (AP) — Wisconsin's largest teachers union has no organized plans to protest next week when the Legislature debates a state budget that cuts public education aid by \$800 million. Wisconsin Education Association Council President Mary Bell said Thursday that plans for an organized protest could change, but there are none at the moment. Even though the school year ends this week, Bell says many teachers already have plans to be working other part-time jobs or going back to school next week and wouldn't be able to make it to the Capitol for budget debate. Thousands of teachers protested in Madison in February over Gov. Scott Walker's proposal taking away most of their collective bargaining rights. That measure is tied up in the courts and may be inserted in the budget next week.

6-10-11 oregon man accused of exposing himself to child waives prelim

An Oregon man accused of exposing himself to a child at the Fond du lac Walmart store has waived his preliminary hearing. Thirty year old Aaron McGeorge was bound over for trial on charges of causing a child to view a sex act and exposing his genitals. According to a criminal complaint the Grants Pass Oregon man exposed himself to a girl who was in the toy aisle at Walmart. The incident happened April 20th on the girl's 7th birthday. The complaint says McGeorge was arrested by Grand Chute police last month for a similar incident at the JC Penney store at the Fox River Mall.

6-10-11 fdl man accused of sexually assaulting teen girls bound over for trial

A Fond du lac man accused of sexually assaulting two 15 year old girls has been bound over for trial. Probable cause was found at a preliminary hearing Thursday for 22 year old, Andre Wilson. Wilson is charged with second degree sexual assault of a child and repeated sexual assault of the same child.

A Waupun woman accused of having sex with a 15 year old boy has pleaded not guilty to charges against her. 20 year old Carol Coonfield entered the plea at an arraignment hearing Wednesday in Dodge County Circuit Court. She's charged with four counts each of second degree sexual assault of a child and bail jumping. She's also charged in Fond du Lac County Circuit Court with sexual assault of a child.

6-10-11 man charged with beating girlfriend back in court

A Fond du lac man accused of attacking his ex-girlfriend has been bound over for trial. Jacob Pauliot waived his preliminary hearing Thursday on multiple charges including domestic abuse battery, criminal damage to property, false imprisonment and trespass. According to a criminal complaint Pauliot entered the apartment through a window and repeatedly punched the woman.

6-10-11 charges filed in abandoned baby case

APPLETON, Wis. (AP) — Bond has been set for a teenage Wisconsin couple on charges they abandoned their newborn baby outside a church in Kimberly. Eighteen-year-old Benjamin LaMarche and 17-year-old Nadia Zahirudin are both charged in Outagamie County court with child abandonment and child neglect. A man found the newborn near a dumpster on May 9th. The child survived.

6-10-11 group wants to halt hwy 23 project

The group 1000 Friends of Wisconsin is asking a federal court to halt the expansion of Wisconsin State Highway 23 from Plymouth to Fond du Lac alleging the Wisconsin Department of Transportation (DOT) failed adequately to consider far less costly options to turning the rural road into a four lane expressway. The land use organization also claims that the DOT failed to consider the indirect and cumulative impacts that construction would have on environmental resources near the project, including wetlands, farmlands and historical sites. According to the complaint filed on Monday at the U.S. Eastern District Court in Milwaukee, construction of this project would convert 423 acres of land (including 245 acres of cropland) and 43 acres of wetland to highway right of way; affect 71 acres of upland or woodland habitat; displace 24 residences, 16 farms, and five other businesses; sever an additional seven farms; encroach on floodplains; and affect several threatened and endangered species. The complaint also claims that the DOT failed to hold an adequate public hearing on the project that would have allowed the public to air their views on the project, its impacts, and alternatives to widening the road.

6-10-11 air national guard grounds training flights

MADISON, Wis. (AP) — The Wisconsin Air National Guard has grounded training flights from its Madison base following this week's crash of an F-16 fighter plane in Adams County. The Guard wants to review equipment and procedures following Tuesday's crash that destroyed a vacant vacation home and narrowly missed an occupied house. The pilot safely ejected.

6-10-11 emerald ash borer

TOWN OF SAUKVILLE, Wis. (AP) — Wisconsin researchers are releasing tiny wasps in hopes of fighting a destructive beetle that has killed millions of trees. Researchers at the University of Wisconsin-Madison released two species of stingless Asian wasps at the Riveredge Nature Center in Newburg yesterday, so they can feast on the larvae of the emerald ash borer.

6-10-11 mayville sewer project

The City of Mayville is seeking approval from the Department of Natural Resources for relocation and replacement of the existing Barwig Avenue sewage pumping station, and the DNR is soliciting public comments regarding potential impacts of the proposed project. The 453 thousand dollar project will include construction of a new replacement sewage pumping station on Dayton Street just west of the Rock River as well as associated new sanitary sewer. The project is needed in order to provide increased sewage pumping capacity and also intended to enhance the reliability of the overall sewer system. The city will apply for a low interest loan through the DNR Clean Water Fund program to finance the project construction cost. The DNR says overall average cost for residential users within the City of Mayville is not expected to change significantly. Interested parties that want to provide written or oral comments should contact Steve Smith, of the DNR's Bureau of Watershed Management at 608-266-7580.

6-10-11 fdl county highway reconstruction project

The Fond du Lac County Highway department has started work to rehabilitate County Trunk Highway Q (CTH) from US Highway 151 to CTH W in the Town of Taycheedah. In general, the county will replace deteriorated culverts and extend culverts as necessary, regrade several ditches, pulverize the existing asphalt pavement, resurface the highway with asphalt pavement, and upgrade signs. In addition, the county will make safety improvements to several hills by cutting down three hills on the highway. A hill about 1/10 mile east of Lakeview Road will be cut down about 2 feet, a hill 1/4 mile west of CTH QQ will be cut down about 3 feet, and a hill about 1/2 mile east of CTH QQ will require rock blasting to cut it down 10 feet. The county is awarding a construction contract for the rock excavation work on last hill to Denny Rahn, Inc. of Eden. As part of the project, several utilities will be relocated. In particular, Alliant Energy will be moving utility poles away from the road to near the right-of-way line to provide a greater "clear zone", a safety area that allows a driver of an errant vehicle to safely regain control or come to a safe stop. Earlier this year, the county removed several trees in this zone to also provide greater safety. The highway will be closed to thru traffic starting June 6 when work to pulverize the existing pavement begins. The highway will be open to local traffic only. A detour will be posted via USH 151 and CTH W. During construction of the hill

cut east of CTH QQ, the road will be closed to all traffic at that hill. The county anticipates completing most of the paving work by early to mid July with those completed portions of highway reopened to traffic at that time. The rock excavation portion of the project is anticipated to start at the end of June or early July and is estimated to be completed by mid to late August depending on the timing of utility relocations and weather. For updates on this project or for information on other Fond du Lac County Highway projects, check out our highway construction webpage at www.fdlco.wi.gov/Index.aspx?page=1112.

6-10-11 fdl county 175th anniversary

The Fond du Lac County Board Chair and Executive's Office announces plans to celebrate the 175th anniversary of the 1836 establishment of Fond du Lac County, on June 21, 2011 beginning at 7:00 p.m. in the Legislative Chambers of the City/County Government Center, 160 S. Macy Street, Fond du Lac. The celebration will begin with a re-enactment based upon the minutes of the first meeting of the Board of County Commissioners which was held on October 7, 1839. Following the re-enactment, a community reception with light refreshments will be held at the Historic Postilion, 220 Old Pioneer Road, Fond du Lac. The public is invited to attend. Anyone is welcome to come dressed in attire from that time period. The re-enactment will be broadcast on Charter Cable Channel 21. The Fond du Lac County Board of Supervisors monthly meeting will be held on Tuesday, June 21, 2011 beginning at 5:45 p.m.

6-10-11 police warn residents about scam

The Fond du Lac Police Department is making citizens aware of a recent scam that took place in the City. The incident involved an elderly gentleman who allowed a white male posing as an electrical worker to enter his home. The supposed electrical worker preoccupied the homeowner in the basement, while it is believed a second individual entered the house and took a large amount of cash. Investigators have determined that similar cases have occurred in the Milwaukee area in the last few months. Investigators believe this is the work of transient groups who are posing as home repair, asphalt or electrical contractors and are targeting the elderly population. Citizens are cautioned in dealing with unsolicited contractors and are urged to use known reputable contractors.

6-10-11 community of unity

A Community of Unity. That's the theme of a fundraising luncheon this month in honor of a fallen Fond du Lac police officer. UW Fond du Lac Foundation Director, Amanda Kemmel, says all proceeds will benefit the Foundation and Fond du Lac Police Department K9 fund. Kemmel says the March 20th shooting incident that claimed the life of officer Craig Birkholz affected the lives of many in an instant. The fundraising luncheon will be held on Tuesday June 14th at the UW Fond du Lac Commons. Cost per person is \$35 or \$275 for a table of eight.

6-10-11 wfdl, wtcx are wba award winners!

WFDL and WTCX captured 13 awards at the recent Wisconsin Association of Broadcasters Awards for Excellence Gala in Madison. The program is sponsored annually by the WBA to recognize outstanding achievement by Wisconsin broadcasters. The Sunny 97.7 WFDL morning show team of Nick Rusch and Heather Robins took home 3rd place for **Best Morning Show**. WFDL FM also received two awards in the **Significant Community Impact** category for the Relay for Life cancer fundraiser. Golden throat veteran WTCX announcer Gregg Owens captured first place for **Best Commercial** with the "Bob's 151 Wheel of Misfortune" commercial. Owens also won awards for **Best On-Site Broadcast Remote**... "Master Spas Wet Test" and **Most Entertaining Client Commercial**... "Its Cold." Owens is also a past winner in the **Best Morning Show** category. WFDL AM 1170 received awards for **Best Sports Play by Play**... the "Randolph Football Playoffs" and **Significant Community Impact**... "Cut the Calories, Count the Cash." WFDL news director, Greg Stensland, won first place in the **Best Continuing Coverage** category for his coverage of a Fond du Lac woman who tried unsuccessfully to have several books removed from a middle school library. Stensland also received awards in **Hard News** for his coverage of a Fond du Lac police officer and firefighter involved in a hit and run and attempted cover-up of the incident, **Spot News**... for the Last Stop Bar and Lanes arson fire, **News Writing**... for a feature story on a local woman in Haiti during the massive earthquake, and **Live On The Scene Reporting**, for his coverage of a house fire. Stensland and Owens also took home first place for their **Information Block Morning News** on WTCX. The WBA competition was established to encourage the highest standards of reporting, community service and production creativity.

6-10-11 wfdl news wins big at associated press awards banquet

Sunny 97.7 WFDL news has won more awards this year for excellence in broadcast journalism than any other radio station in the state. News Director, Greg Stensland, received eight first place awards at the Wisconsin Associated Press Broadcast Journalism Excellence Awards Banquet. The awards dinner was held recently at Lambeau Field in Green Bay. For the fourth year in a row Stensland took home first place for **Best Newscast**. Stensland also received first place in the **Hard News** category for his coverage of the Fond du Lac police officer and firefighter involved in a hit and run crash and subsequent cover up. Stensland received first place for **Spot News** for his stories on the fire that destroyed a Fond du Lac bowling alley, first place in the **Best Enterprise Reporting** category for his investigative reporting of the Fond du Lac police officer accused of using excessive force on a handcuffed prisoner, first place for **Best Continuing Coverage** for overall coverage of the Fond du Lac Management Information Systems embezzlement scandal, first place in **Best Series Reporting** for a Sunny 97.7 series on drunken driving, first place for **Best Feature** for a story on the Iraq war, and first place for **Best Audio** for a feature story on grease fires. Over the years Stensland has received more than 80 awards from the AP and Wisconsin Broadcasters Association, plus numerous local awards.

6-10-11 fdl county sheriff's department law of the month

Slower traffic keep right - Drivers must allow faster traffic to pass in the left lane on divided highways. Many divided highways in Wisconsin have signs that warn "slower traffic keep right." That advice is backed by state law - Wis. Stats. 346.05(3). Any vehicle traveling "at less than the normal speed of traffic" must be driven in the right lane (or as close as practicable) except when overtaking or passing another vehicle, according to Wisconsin law. Citation for violating this law costs \$213.10 with four demerit points assessed on the driver's license. Even when you're driving at the posted speed limit, you should not try to force faster drivers to slow down by blocking the left lane, which usually leads to more tailgating, road rage and other problems. It certainly doesn't slow down other drivers for long. We hope that drivers will leave enforcement of speed limits to our deputies and other law enforcement officers. If faster drivers want to waste gasoline and risk a speeding ticket, you should move to the right lane and get out of their way. The Sheriff's Office advises motorists to follow these guidelines to help maintain a safe flow of traffic on Interstate and other divided highways:

- * If you're not passing another vehicle, use the right lane as much as possible.
- * If you're in the right lane, allow other drivers to merge from the left lane into the right lane so that faster traffic can pass in the left lane. In addition, provide space for vehicles to merge into the right lane when they are entering a roadway from an on-ramp.
- * If you're in the left lane, don't tailgate or try to make a slower vehicle ahead of you move to the right lane. Be patient and courteous.

When slower moving vehicles use the right lane, traffic flows more smoothly with less congestion and road rage, which certainly helps make our highways safer and more efficient. Have a Safe Month,

Sheriff Mck Fink

6-10-11 fdl police department law of the month

For June, officers from the Fond du Lac Police Department will be paying particular attention to drivers who are texting. The new state law that took effect on December 1, 2010 falls under the inattentive driving statute. Research from the Federal Motor Carrier Safety Administration has shown drivers who send and receive text messages end up taking their eyes off the road for an average of 4.6 seconds out of every 6 seconds while texting. Of all fatal traffic accidents in 2008, the U.S. DOT reported 16 percent involved distracted drivers and nearly 6,000 people were killed. Wisconsin state statute 346.89(3)(a) states that, no person may drive any motor vehicle while composing or sending an electronic text message or an electronic mail message. This does not include when the vehicle is stopped, including when a vehicle is stopped at a traffic light, stop sign or in traffic due to congestion. The texting ban is only enforceable when the vehicle is in motion. The fine for texting while driving starts at \$101.40. This does not apply to an operator of an authorized emergency vehicle. The use of any device whose primary function is transmitting and receiving emergency alert messages and messages related to the operation of the vehicle or an accessory that is included in the vehicle, including a global positioning system device. An amateur radio operator who holds a valid amateur radio operator's license issued by the federal communications commission, when he or she is using dedicated amateur radio two way radio communication equipment and observing proper amateur radio operating procedures. The use of a voice operated or hands free device, if the driver of the motor vehicle does not use his or her hands to operate the device, except to activate or deactivate a feature or function of the device. Texting while driving is a primary law, which means officers can pull over drivers solely for texting without having to identify another violation first, such as speeding or a lane violation. Even though the law does not ban reading messages or using the internet while driving a motor vehicle, these activities can be just as dangerous and should be avoided while driving. So, even though it may only take a few seconds to send that text, remember that it can wait!

6-10-11 walleye weekend kickoff

Walleye Weekend has arrived, the weekend started on Thursday! with a show from Oil Can Harry. As always, at Walleye Weekend a wristband must be worn to consume alcohol. Proceeds from the wristband booths and concession tents all benefit non-profit organizations within the community. All other activities and stages will open on Friday at 3 p.m. just like in the past. For a complete line up of all bands and events, visit iwalleyeweekend.com. Walleye Weekend is June 9, 10, 11 and 12 at Lakeside Park in Fond du Lac. Admission is free to the public, and all proceeds from this event go to benefit almost 200 non-profit organizations. Walleye Weekend is sponsored by Mercury Marine, Charter Communications, Dr. Pepper Snapple Group, Miller Lite and Michels Corporation.

6-10-11 agnesian healthcare blood drive

Area residents are invited to join Agnesian HealthCare employees, volunteers and physicians and donate an hour of time on Wednesday, June 29 to give blood to The BloodCenter of Wisconsin. Blood donations will be accepted from 7:30 a.m. to 2:30 p.m. at Agnesian HealthCare's Plaza Level Conference Center, 430 E. Division Street, Fond du Lac. Giving blood is easy and takes about an hour. The process includes registering, giving a brief medical history, and having temperature, blood pressure and hemoglobin checked. Blood that is donated remains local, as the BloodCenter of Wisconsin is the sole supplier of blood to St. Agnes Hospital and Waupun Memorial Hospital, as well as 51 other Wisconsin hospitals. To donate, make an appointment by calling 926-4960. Walk-ins are also welcome.

6-10-11 rienzi cemetery walk

What do you get when you combine outdoor exercise with stories of local history? You get Tracy Reinhardt's Rienzi Cemetery walk. When you add Fond du Lac Community Theatre actors and actresses to the mix, history comes to life. This is the 6th year for these popular cemetery walks, and the upcoming walk takes place on June 18 at Rienzi Cemetery starting at 9:30 a.m. The tour highlights the lives of some of the ordinary, as well as more prominent people who helped to create and settle the city of Fond du Lac, and some of the struggles they lived through. You'll meet Gov. Nathaniel Tallmadge, the most powerful politician of his time. As a Senator from New York, he was known as a great orator, and frequently debated the slavery issue with John C. Calhoun. He worked tirelessly behind the scenes to keep President Van Buren from getting a nomination for a second term. His efforts were successful, and he was offered several political positions as a reward, but elected to move to Wisconsin instead. Rienzi Cemetery was originally part of the Tallmadge farm, and Gov. Tallmadge created the cemetery after the death of his 19 year old son. You will also hear from Sophia Walker, who wrote under the pen name of Lisle Lester. Sophia was a pioneer in the publishing industry, starting the very first magazine in Wisconsin, called the Badger State Monthly. She also was a champion of giving women opportunities to work, and is credited with hiring the first women type-setters in both Wisconsin and California. Sophia expanded her studies into acting, and then spent her life giving presentations and lectures throughout the world. Unfortunately, her retirement used up her fortune, and she died a pauper. Within the last 10 years it was discovered that Sophia's ashes were still sitting unclaimed, in the basement of a New York mortuary, but when inquiries were made to transport them to her plot in Rienzi, the mortuary decided to tack on a 100-year storage fee of \$10,000, so Sophia remains in a New York mortuary basement. Mason Darling is often called the Father of Fond du Lac. He was first brought here by the Fond du Lac Land Company, to help establish Fond du Lac as a prime destination for settlement. He helped to build the fledgling city by offering many of the city lots for free, to anyone who could start building immediately. He was the first Village President, the first Mayor of the City, and after statehood, he was the first Congressman. New this year, you'll learn about the Fond du Lac native named "Skinny Bill" Hooker, and hear the story of his young career, and his many exploits as a "Bullwhacker" driving wagon trains in the west. Hear him tell the story of how the state of Wyoming erected a monument to him, and credits him with opening up that state for settlement. You'll also learn about Joe Roukis, a small restaurant owner who disappeared one night in 1941 and was never heard from again. Hear the story of his murder and its aftermath. There are other short stories of Fond du Lac history that will be discovered as you walk the hills of Rienzi. Also featured is the monument for Lulu Parker, and discover just why her monument was listed in Ripley's Believe It or Not! Find out which Fond

du Lac business has a special connection to the South Pole. The Rienzi Cemetery receiving vault, opened in 1865, will also be open for viewing during the tour.
